Organizers

General Chair

Magnus Egerstedt

Georgia Institute of Technology, USA

Program Chair

Maria Prandini

Politecnico di Milano, Italy

Vice Program Chairs

Dimitri Peaucelle

LAAS-CNRS, France

Jonathan How

Massachusetts Institute of Technology, USA

Luis Sentis

University of Texas at Austin, USA

Workshop Chair

Na Li

Harvard University, USA

Finance Chair

Randy Beard

Brigham Young University, USA

Local Arrangements Chairs

Todd E. Humphreys and **Takashi Tanaka**

University of Texas at Austin, USA

Publications Chair

Tansel Yucelen

University of South Florida, USA

Registration Chair

Ran Dai

Purdue University, USA

Exhibits and Sponsorship Chair

Yancy Diaz-Mercado

University of Maryland, USA

Publicity Chair

Sergio Galeani

Università di Roma, Tor Vergata, Italy

Student Activities Chair

Giulia Giordano

University of Trento, Italy

Sustainability Chair

Ahmad Taha

University of Texas at San Antonio, USA

Diversity and Inclusion Chair

Richard Murray

California Institute of Technology, USA

Conference Editorial Board Chair

Amir Aghdam

Concordia University, Canada

Electronic Services Coordinator

Pradeep Misra

Wright State University, USA

CALL FOR PAPERS

You are invited to a Hip, Diverse, and Green CDC on its 60th anniversary!

The 60th IEEE conference on Decision and Control will be held Monday through Wednesday, December 13–15, 2021 at the Fairmont Hotel, Austin, Texas, USA. The conference will be preceded by workshops on Sunday, December 12, 2021.

The CDC is recognized as the premier scientific and engineering conference dedicated to the advancement of the theory and practice of systems and control. The CDC annually brings together an international community of researchers and practitioners in the field of automatic control to discuss new research results, perspectives on future developments, and innovative applications relevant to decision making, systems and control, and related areas.

The 60th CDC will feature contributed and invited papers, as well as workshops and tutorial sessions. It is hosted by the IEEE Control Systems Society (CSS) in cooperation with the Society for Industrial and Applied Mathematics (SIAM), the Japanese Society for Instrument and Control Engineers (SICE), and the European Control Association (EUCA).

The conference will take place in the Fairmont Hotel in Austin, Texas. Austin is known as the “Live Music Capital of the World” and is the home to the University of Texas at Austin as well as the Texas State Capital. The city features many high-tech companies and start-ups and is renowned for its vibrant food and culture scenes. As Austin’s unofficial slogan is “Keep Austin Weird”, the 60th CDC has embraced this aspect of the host city and has incorporated a number of non-traditional elements in the program.

Important Dates (2021)

January 6

Submission Site Opens

March 4

Initial Paper Submissions to L-CSS
with CDC Option Due

March 9

Invited Session Proposals Due

March 18

Initial Paper Submissions Due

May 1

Workshop Proposals Due

Mid-July

Decision Notification

August 1

Registration Site Opens

September 10

Final Submissions Due
